7 Drown As Car Misses Bridge And Falls into Swollen Creek

Tragedy in Night Not Discovered Until Morning.

By The Associated Press

POMEROY, O., Feb. 18—Seven persons drowned last night when their automobile missed a bridge and plunged into a swollen creek at Bradbury, three miles southwest of here.

The victims, all residents of Jackson, were:

Wilbur Keller, 27.
Mrs. Roy Keller, 52, his mother.
Mrs. Clara Dales, 54.
Mrs. Goldie Lambert, 33.
Henry Lambert, 7, her son.
Mrs. George Sturgill, 18.
Richard Trego, 8.

The party was returning home from a Nazarene church rally at nearby Middleport when the accident occurred, about 11:30 p. m.

Emmett Lightfoot, a New York Central railroad fireman who lives near the bridge on State Route 123, discovered the automobile at 5:30 a. m. as he was going home from work.

The automobile, a 1936 four-door Pontiac, lay partly submerged in the stream.

Wilbur Keller, who apparently was driving the car, was a war veteran; was employed at the Crown Foundry Works at Jackson "and was a well known softball pitcher." He is survived by his widow and a year-old baby.

Lightfoot's wife said she heard a crash about 11:30 last night. The automobile after missing the bridge, ran down a 25-foot embankment.

Coroner Henry Ewing of Meigs county said the victims died of "drowning and asphyxiation" and there would be no inquest.

After the state highway patrol and sheriff's office hooked four trucks together to drag the automobile from the stream, the bodies were removed to a funeral home in Pomeroy.

The bodies were sprawled about in the car as if the victims had fought to get out of the machine. None of the car doors was open, however.

A huge crowd gathered at the scene as the patrol and sheriff's deputies worked to remove the car in Meigs county's worst traffic accident.

Similar Acrident Claimed 4 Near Here

The tragic auto accident near Pomeroy, in which seven persons lost their lives, bears a striking similarity to one which happened east of Caledonia approximately 15 years ago. The accident occurred at a bend in the road which became known as "death curve" because of the number of serious accidents at that point.

This was the most tragic. The four women who lost their lives when their car missed the bridge and went into the stream at this point were school teachers returning home from their work in Akron to spend the Easter holiday vacation at their homes. Miss Ruth Lukens of Marion was one of the victims of the tragedy. The others lived in other localities in Ohio.

As in the case of the accident near Pomeroy, the school teachers' automobile was not discovered until the morning following its plunge into the stream. It is thought the accident happened shortly before midnight.

GRAIN PRICES FALL; CATTLE SELL HIGHER

Other Commodities Slip to Lower Levels in Market Trading Today.

By The Associated Press

NEW YORK, Feb. 18—Grain prices again today at Chicago and other commodities toiled lower.

Grain prices were as much as 4 cents a bushel below yesterday. Corn and oats dropped small amounts but soybeans clung to the trend and declined as much as 2½ cents.

Accumulation of selling orders caused cotton down $2 a bale from yesterday's close at times. When selling let up the price rebounded $1 a bale.

Cattle prices were higher at Chicago. Sheep were down. Hogs were steady to about 25 cents lower. Hundred pounds below yesterday.

Wholesale butter prices were higher at Chicago. Sheep were down. Hogs were steady to about 25 cents a hundred pounds below yesterday.

Wholesale butter prices, which declined as much as 4 cents a pound in Chicago, dropped 1 to 2 cents a pound today at New York.

Storekeepers were complaining that, despite retail price reductions, business dropped off more than is normal for the Lenten season.

Customers Resisting

Customer resistance is becoming more intense, retailers said. Day-to-day purchasing is becoming common.

Just two weeks after the big break began with a slump in grains, retail food prices appeared to be steadying.

Price tags in the corner store weren't reacting as quickly to wholesale fluctuations as they did last week.

But there was no steadying tendency in the Chicago commodity markets, where a selling wave in the wheat pits started sliding downward again yesterday.

There was an air of uncertainty and a watchful waiting attitude after the seesawing tactics of the commodity markets.

Senator Tobey (R-NH) said in Washington he thought "the edge is off the price problem."

Committee To Wait

But he added, his senate banking committee probably will wait and see what happens before acting on anti-inflation measures.

After a two-day rally Saturday and Monday, wheat and oats declined yesterday in all United States markets.

Grains showed some strength at the Chicago market opened yesterday. But a wave of late selling in the wheat pits carried most grains down. Soybeans were an exception. They pushed ahead 4 to 7 cents.

Hog prices were mostly 25 cents a hundred pounds lower at Chicago yesterday, but wholesale pork was slightly higher in New York and as much as $1 a hundred pounds higher in Chicago.

Cattle prices were generally somewhat higher, but wholesale beef was lower both at New York and Chicago.

Cotton prices for future delivery were $2.55 to $2.30 a bale lower in New York.

Wholesale butter prices were down as much as 4 cents a pound in both at New York and in Chicago.

OHIO FIRM ON BONUS PLAN

Rerules Vets Must Send Original Discharge Papers To Receive Bonds.

By The Associated Press

COLUMBUS, O., Feb. 18—Photostatic copies of discharge papers won't be accepted as proof of eligibility for Ohio's World War II bonus.

The state sinking fund commission, which administers the bonus, so ruled again yesterday in turning down a suggestion by State Auditor Joseph T. Ferguson that veterans would not be required to risk loss of original discharge papers by sending them with bonus applications.

Ferguson wanted the commission to change its original ruling and allow photostatic copies. But, after considerable discussion he withdrew his request without demanding a vote "as I'd be the only one to vote for it."

Veterans who have lost their original discharge papers may file certificates issued by the armed forces "in lieu of original papers."

Bonus Director Chester W. Goble said veterans should record original papers with their county recorder before applying for the bonus.

"This protective service still is provided free by Ohio law," Goble said.

Gives Details of Service

He went into detail on precautionary measures being set up to protect a veterans' original papers. He said they would be received by mail, opened, marked with a claim number, stamped "world war two compensation applied for," photocopied, and returned along with an acknowledgement and a change of address form.

Bonus application forms will be available next month.

Ferguson and Secretary of State Edward J. Hummel failed yesterday in an effort to have bonus checks signed by all five commission members. They were the only ones to favor the proposal. Goble and Comptroller Mayson Hayhurst will sign the checks.

Delaware Woman Leaves Estate Worth $198,964

By The United Press

DELAWARE, Feb. 18—Probate court records revealed here today that Mrs. Margaret Neville, wife of Joseph Neville, local auto dealer, left an estate of 198,964.

She died on Feb. 3. The entire estate goes to a son, Joseph Neville.

Child Hurt in Fall From Automobile

Donald Robinson, 5, son of Mr. and Mrs. Richard Robinson of 222 Oak street, suffered lacerations of the face and head when he fell from the back seat of a car Monday night at Mt. Gilead. He was riding with Miss Peggy Rogers of near Chesterville. The family reported that he apparently pushed on the door handle and it came open. He was admitted to City hospital here for treatment and his condition is reported to be "fairly good."

MIDWAY CONTINUES SEARCH FOR MISSING

By The Associated Press

ABOARD THE U. S. AIRCRAFT CARRIER MIDWAY OFF HYERES ROADS, FRANCE, Feb. 18—The Midway will stay here another two days while search is continued for the bodies of eight missing men believed drowned in a launch accident Monday night.

The missing men—one officer, a Marine and six seamen—were part of the big carrier's 3,500-man complement. They were returning from a farewell party given at the small island of Hyeres when the accident occurred 2,500 yards offshore.

Fifty-three other men of the Midway were rescued from the water off the French Riviera.

The carrier was scheduled to weigh anchor for Naples at midnight Monday, an hour after the accident occurred.

First reports indicated a freak sea had quickly filled the 50-foot open motor launch "Mid-Three" while leaving it upright and intact. A rescue boat was damaged when it rammed the launch later, in the dark.

"Mid-Three" left the French naval station of Port Pontnau shortly after 11 p. m. Monday. Because of rough seas launches returning shore parties reduced their loads from the customary 135 to about 60 men.

A rescue craft rammed the "Mid-Three" and began to ship water. With 26 survivors aboard the boat went to shore where the men were cared for in cafes and French naval barracks.

U. S. naval headquarters in Washington released the names of the seven missing Navy men last night, including Ens. Harry Duane Campbell of Cleveland, O.

Safety of Marion Man Virtually Assured

Today's news dispatches made virtually certain that William C. Swearingen, S/1c of Marion, a member of the Midway crew, is not among the missing. His name is not included among those of the seven missing Navy men listed by naval headquarters.

His mother, Mrs. S. C. Swearingen, North Prospect street, said that although she had received no word from her son, she felt better upon learning that his name was not on the Navy list of missing from the Midway.

WOMEN ON JURIES

By The Associated Press

JACKSON, Miss., Feb. 18—The Mississippi senate passed a bill yesterday allowing women to serve on juries. Passage, on a 25 to 17 vote, came despite warnings of opponents that the bill might make it necessary for women to serve with Negroes on the juries. After passage, however, the senate held the bill for reconsideration.

Smashing Victory of Wallace Candidate Jolts Democrats

By The Associated Press

NEW YORK, Feb. 18—The smashing unexpected triumph of a Henry A. Wallace-backed American Labor Party candidate in a special Bronx congressional election handed Democratic party leaders a severe jolt today.

Third party strategists were elated. Wallace himself, in Tampa, Fla., on a speaking tour, declared: "This proves that the so-called third party can become the first party in 1948."

Leo Isacson, the ALP nominee, captured yesterday's 24th district contest easily by rolling up more votes than his three opponents combined.

The Democratic candidate had been expected to win handily, since the 24th district has sent members of that party to congress for years.

New York state Democratic leaders were sharply interested, not only in Wallace's effectiveness but in the strength of the ALP, an important factor in politics in the state for several years.

Several large labor unions dropped out of the ALP last month after it endorsed Wallace's presidential candidacy. In 1944, the party provided more votes for President Roosevelt than his statewide margin over Gov. Thomas E. Dewey in the battle for New York's 47 electoral votes.

Second ALP In Congress

Isacson, a 38-year-old attorney who will become the second ALP member of congress, won 22,697. Karl Propper, Democrat, got 12,578. Dean Alfange, Liberal party, 3,840, and Joseph De Nigris, Republican, 1,482.

Wallace campaigned strongly for Isacson in the battle, assailing particularly policies of the Truman administration with respect to Palestine. The Bronx district has a heavy Jewish population.

ALP orators also appealed to Puerto Ricans in the district by attacking administration actions affecting their native land.

The district is in the stronghold of Edward J. Flynn, Bronx county Democratic leader and former party chairman, who put his organizations solidly behind Propper.

See Third Party Wanted

C. B. Baldwin, Wallace's campaign manager, hailed the election as 'proof—as Mr. Wallace has been saying for months—that the people demand a new party, a third party led by Henry Wallace, dedicated to achieving peace, security and abundance."

Isacson said his triumph was "a resounding repudiation by the people of the policies of the Truman administration, policies which are leading down the road to war." He added "This is a victory for Henry A. Wallace and the third party—the People's party."

Flynn blamed the result on Communist activity and apathy by many voters.

"Regimented Communists vote while those who oppose communism do not take the trouble to do so," he asserted.

The special election was called when Benjamin J. Rabin, the Democratic victor in 1946, resigned after winning a state supreme court post.

Victory Provides Grim News for Democrats

By The Associated Press

WASHINGTON, Feb. 18—Henry A. Wallace's successful raid on a Democratic stronghold in New York makes grim news for party leaders in the capital today.

Few of them were pretending to laugh off the third party candidate for president any more.

To some Wallace has begun to look like the difference between winning and losing New York's 47 electoral votes next November.

The White House had no comment. Press Secretary Charles Ross was asked if President Truman had 'taken note' of the returns and he replied no. He added, however, that the President read the morning papers as usual.

Ross said Mr. Truman's speech

Craft, Company Cooperation Is Theme of Erie Meeting

A program to assure complete cooperation of the crafts with the company was announced as the predominant theme of the two-day quarterly meeting of representatives of 21 railroad brotherhoods in the Erie system which opened in Marion today. The meeting, being held at Hotel Harding is that of the Association of General Chairmen, Standard Railroad Organizations, of the Erie Railroad System Lines.

John C. Porter of Hornell, N. Y., chairman of the association, stated the aims of the group. "We believe the time has come for full cooperation between management and labor. We are meeting today with that goal before us. We have present here the representatives of all of the 21 crafts which serve the Erie and we are united to achieve this goal."

"The brotherhoods are well aware of the great technical progress in railroading and railroad equipment since the end of the war. The Erie has kept well abreast of this technical progress by replacing a great number of its steam locomotives with diesel. In view of this progress it is essential that to assure harmony and efficiency in the future we consider now, today, the manner in which we can maintain even closer cooperation between brotherhoods and between the brotherhoods as a group and the carrier, so that all may work together for the advancement of the industry."

Mr. Porter said the association would conduct an all-day business meeting today at which rank and file members of all the crafts represented were welcome. He indicated the annual election of officers of the Association of General Chairmen would be held today if time permitted, but not later than tomorrow. Most of the representatives at this meeting are from the eastern district of the Erie, which has its headquarters in Buffalo, N. Y.

Tonight the general chairmen will be guests of the local chairmen of the same organizations at a dinner to be held at 6 p. m. in the Wesley Methodist church on Oliney avenue.

Another all-day business session at Hotel Harding is scheduled for tomorrow. J. J. Schnurr, secretary-treasurer of the general committee, is recovering from a serious operation in Lakeside hospital, Cleveland and will be represented by John Thornton of Salamanca, N. Y., who will serve as secretary in his absence.

CINCINNATI BROKER KILLED NEAR GALION

Car Crashes from Route 30-S at Curve.

Special to The Star

MT. GILEAD, Feb. 18—Adrian Ray Houston, 46, Cincinnati bond broker, was killed at 6:10 last night when his car turned over after it failed to negotiate a curve five miles south of Galion on route 30-South.

After failing to make the curve the car struck a ditch on the east side of the road and turned over numerous times, throwing Houston clear. He was dead when passing motorists reached him. His car was demolished.

State patrolmen and the Morrow county coroner, Dr. Sweeney, were summoned. The coroner gave a verdict of accidental death.

Mr. Houston was employed by the firm of Walter, Woody, and Heimandinger, investment bankers. He is survived by his widow, Mrs. Ophelia Houston, who resides at the family home on Shelton avenue in the Cincinnati suburb of Grosbeck. The body was removed to the Craven funeral home in Mt. Gilead.

Power Shovel Co. Worker Injured

Thomas Webster, 23, of 267 Reed avenue, an employe of the Marion Power Shovel Co., suffered a head injury while at work about noon today. It was understood that a piece from a grinding wheel had struck him. He was taken to City hospital in the L. A. Axe and Son ambulance.

Extent of the injury was not known immediately, but the company physician stated that it was not considered serious. X-rays were to be taken.

A. W. NEWBY FUNERAL TO INCLUDE FLAG SERVICE

At funeral services Thursday afternoon for Alva W. Newby of 258 Forest Lawn boulevard, members of Marion Camp No. 32, United Spanish War Veterans, will be present in a body and will conduct the veterans' flag service at the grave. Mr. Newby was a member of the camp. Assembly of the veterans will be at the funeral home. The funeral will be held at 2 o'clock at the Merle H. Hughes mortuary on Mt. Vernon avenue. Dr. V. E. Busler, pastor of Epworth Methodist church, will officiate. Burial will be in Marion cemetery.

Mr. Newby, vice president and a former president of the Huber Mfg. Co., died in University hospital in Columbus early Tuesday. During the Spanish American war he served as a second lieutenant in Co. F, Third Ohio Volunteer infantry. He enlisted at Hillsboro as a corporal April 26, 1898, was promoted to first sergeant the following May 10, and was made a lieutenant Sept. 22, that year. His period of service was spent in this country.

Hospital Program Meeting on Today

City officials were to meet with federal representatives at 3 p. m. today in City hall for a conference in respect to Marion's prospective share in the federal-state hospital construction program in Ohio.

The meeting was set up through the United States department of health office of hospital facilities after Mayor Harry L. Dowler had requested further information on the estimated $40,000,000 Ohio hospital construction program.

Conferring with the federal officials will be Mayor Dowler and Safety-Service Director E. O. Uncapher. Also expected to attend the meeting are James A. Mautz, Marion hospital administrator, and a number of the hospital medical staff.

TRUMAN ASKS AID FOR CHINA

Wants Congress To Grant $570,000,000 for Short-Term Relief.

By The Associated Press

WASHINGTON, Feb. 18—President Truman asked congress for $570,000,000 today for aid to China.

In a special message to the legislators, Mr. Truman said that the aid would be conditioned on China's taking adequate measures to achieve "economic stability and recovery."

The help would begin when congress voted it and would continue until June 30, 1949—roughly a one-year program.

Mr. Truman said the economic situation in China now is getting worse in spite of the aid the United States has given the Chinese in the past.

Chinese Burdened

The Chinese government and people, he said, "are still laboring under the double and interrelated burden of civil war and a rapidly deteriorating economy."

The war in China is between Generalissimo Chiang Kai-shek's Nationalist government and Communists.

Mr. Truman said he thought helping China would help peace. He put it this way:

"The United States has long recognized the importance of a stable Chinese nation to lasting peace in the Pacific and the entire world. The vast size and population of China make her an important factor in world affairs."

The President's program would provide:

An appropriation of $510,000,000 that China could draw on (as loans or gifts) and use to buy from other nations things badly

COSTELLO NAMED TO SUCCEED DEVALERA

By The Associated Press

DUBLIN, EIRE, Feb. 17—John A. Costello was elected prime minister of Eire today a few minutes after parliament defeated Eamon De Valera's bid for reelection.

The 66-year-old De Valera, who was born in New York, had headed Eire's government since 1932.

He mustered only four votes outside his own party, the Fianna Fail (Soldiers of Destiny), in his bid for return to power. He lost 70 to 75.

Costello, 56, a Dublin lawyer, was nominated for prime minister and was supported by five opposition parties.

The vote for Costello was 75 to 68.

CHILE ACTS TO SET UP ANTARCTIC BASE

By The Associated Press

SANTIAGO, Chile, Feb. 18—Chile's president moved to establish a military base in disputed Antarctic territory today after invoking the western hemisphere defense pact to bolster his nation's claims.

While Britain hinted an appeal to the United Nations and Australia weighed sending a warship to the Falklands, Chilean President Gabriel Gonzalez Videla pushed farther south on his spectacular expedition to set up the base on what Chile calls Bernardo O'Higginsland. It is named for the hero of Chilean independence.

The site is on part of the territory known as Grahamland, which is claimed by Britain. It lies astride the Antarctic circle.

Dispatches to the Santiago newspaper Mercurio from the President Pinto, the transport ship, quoted Gen. Ramon Canas Montalva, Chilean army chief-of-staff, as saying the president's action is a step toward "building up Chile as a South Pacific power."

Marshall Plan Shuffle Opens New Tax Cut Row in Senate

By The Associated Press

WASHINGTON, Feb. 18—A new tax cut fight broke out in the senate today over the idea for shuffling Marshall plan bookkeeping.

Republican fiscal leaders insisted the way is now clear for passage of a tax cutting bill this year.

They ran into an argument from Senator Byrd (D-Va) and other Democrats.

Republicans based their optimism on the plan approved by the senate foreign relations committee earlier had figured cost at $5,300,000,000 for 15 months starting April 1.

Here is the plan in this: Seven billion dollars would be set aside for the Marshall plan from the surplus the government expects to have on hand when the present fiscal year ends June 30.

Administration figures that surplus will be $7,500,000,000. It also estimates that the surplus next year that is, on June 30, 1949, will be only $4,800,000,000.

So, by charging $2,000,000,000 against this year's books, congress can point to that much more in next year's budget for government spending, debt reduction and tax cutting.

Matter of Bookkeeping

The whole thing is a paper proposition. The actual amount of money involved would be the same.

Power Shovel's 25-Year Club Prepares Annual Dinner Event

Approximately 220 employes of Marion Power Shovel company are eligible to attend the third annual dinner-meeting of the 25-Year club, which will be held in Masonic temple dining room Saturday, Feb. 21 at 6:30 p. m.

Following the dinner, at which all employes who have records of 25 or more continuous years of service with Marion Power Shovel Co., previous to Dec. 31, 1947, will be guests, a program including speeches and entertainment features will be carried out.

Toastmaster at the dinner program will be Wayne H. Barnhill, president of the quarter-century club and a member of Department 66 in the company organization.

Gold and black enamel lapel pins and 25-Year club membership certificates will be presented by Harvey T. Gracely, president and general manager, John M. Demarest, vice president and works manager, John P. Courtright, vice president in charge of sales, and Alex Gibson, vice president and treasurer, to 33 new members of the 25-Year club, who make up the 1947 class.

Response on behalf of the new members will be delivered by Charles Trafzer and the invocation will be spoken by Harry C. Williams.

Members of the Harding High School Revue cast, under direction of L. G. Jones, director of music, will present a part of the entertainment program, and motion pictures of the operation of Marion Power Shovel company's shovels and equipment in the field will be displayed.

The Quarter-Century club of Marion Power Shovel Co. was organized at its first meeting and banquet, Sept. 21, 1946, when more than 200 veteran employes were recognized. The second annual meeting was held May 24, 1947, when 14 new members were welcomed.

City Water Taste Not Harmful, Galion Hears

Special to The Star

GALION—That peculiar taste which Galion citizens have noted in the water this week is not harmful, according to C. R. Gruber, city chemist.

"The hard rains of last Friday have upset the raw water, and we have had to change everything at the city water treatment plant to compensate the change in the water. This accounts for a different taste in the water, which will eventually be back to normal in a day or two," Gruber explained.

He further commented that the chemical feeds have had to be changed frequently to match the water analysis coming into the treatment plant.

DAILY LENTEN MEDITATION

CHRIST in You, THE HOPE of Glory

PLUS CHRISTIANS

St. Matthew 5:40: "And if any man will sue thee at the law and take away thy coat, let him have thy cloak also."

IF YOU would lose all of the Book but keep St. Matthew chapter 5 and all would subscribe to and live by this chapter, the whole of the human family would be transformed. But one of the retarding facts among Christians is that so many want to be able to make it into the pearly gates at any and all costs to others. We need a few "Plus Christians."

"Take your coat—give your cloak."

"Smite one cheek turn the other."

"Compelled to go one mile—go the extra other."

Match the Christ in you against all odds and all corners. Drive self out the door—let selflessness enter. Just plain John Q. Public Christian is not enough. John Q is a composite or perhaps average. Just mediocre. "Never did anybody any harm, never did anybody any good." Just good. Not good for something or good for nothing. Just good. A neutral but not a neutralizing agent.

Christians more than neutral and Christians more than good. "Plus Christians."

Christ standing before them saying, "Blessed" was calling down fire from heaven upon them.

So they could be spiritual Goliaths rather than shaven Samsons.

Christians stand impotent in the midst of power. They accept only an ounce when they could have a ton. They retreat when the order to march is given.

Fearful lest they become Christians who are more than just good. And the Kingdom of God tarries, lingers and is even lost. Lent calls us to be "Plus Christians" in every sense of the word.

Pastor, Epworth Methodist Church.

Your Good Health

By DR. HERMAN N. BUNDESEN

Treating an Asthma Attack

People who have asthma are not sick all the time but are subject, at irregular intervals, to attacks of difficult breathing. The patient who has been breathing normally feels that he is unable to get air out of his lungs; his chest feels and looks full; he gasps for air in short, panting breaths, and forces it out of his lungs in long, labored sighs.

Usually, this unnatural breathing process is accompanied by wheezing and a certain amount of coughing. Such attacks are thought to be brought about by spasm of the bronchi or small tubes in the lungs.

The spasm itself, which comes on suddenly, may be due to many different factors. Most patients, it is true, have an allergy or sensitivity to certain foods, drugs, or pollens, but there are a number of other things which seem to stimulate the attacks, for instance, emotional disturbances, or infections of the nose and throat.

In treating asthma, it is important to find, if possible, the various "trigger" factors which set off the attacks. If a patient can discover just what substances he is sensitive to and avoid contact with them, his attacks will be lessened to a great degree. It is sometimes possible to do this by carrying out skin tests, that is, by injecting extracts of the various substances into the skin and noting whether a swelling occurs at the point of the injection within fifteen or twenty minutes.

In addition, a drug known as potassium iodide may be given by the doctor, since it helps to liquefy the sputum, so that it may be more easily brought up from the lungs. In cases of infection, the sulfonamide drugs and penicillin are often extremely useful. Sinus infection, if present, should be properly treated.

The patient with asthma should avoid large meals and indigestible foods. During an acute attack of asthma, in injection of epinephrine under the skin will, as a rule, bring relief. A solution of the epinephrine in oil gives a more prolonged action and may be desirable in some cases.

Other drugs which may help in checking an attack are ephedrine and aminophylline. Sedatives or quieting drugs, given at bedtime, may be of value, since asthmatic patients require rest and sleep. Newer drugs such as benadryl and pyribenzamine may be helpful in some cases.

Every effort should be made to build up the general physical and mental health of the patient. As the general health improves, it is less likely that the asthmatic attacks will occur in such severe form because many people in apparent health are allergic.

Questions and Answers

R. P. R.: I have a lot of tiny moles on my neck. Will these lead to cancer?

Answer: As a rule, these small moles seldom lead to cancer. However, there is a tendency for certain types of moles to become cancerous, particularly if they are subject to irritation. If a mole suddenly starts to grow, a physician should be consulted without delay. He will usually recommend removal by surgery.

New Car and Truck Deliveries Decline

Both new car and truck deliveries in Marion county declined during the week ending Feb. 16, Clerk of Courts Calvin Oborn stated today. Only 18 cars and 3 trucks were delivered to county buyers as compared with 27 cars and 18 trucks delivered the previous week. The shutdown of car manufacturers because of the gas shortage during the recent cold wave was given as the cause of the cut in local deliveries, the clerk said.

Forest Glen Park Trustees Hold Meeting

A meeting of the trustees of the Forest Glen Memorial Park was held Monday night in the chapel at which time the superintendent, Bruce Snyder, was authorized to purchase all new electric grave rigging equipment. The date of the annual meeting of all lot owners was set for Thursday night, Feb. 26, in the chapel. At this meeting, annual reports will be given and trustees will be elected.

A Payment Plan That Really Helps

Those who do not have insurance or other funds immediately available find our payment plan helpful in meeting funeral expense. That was our idea in adopting such a plan.

It always has been our belief that service to a bereaved family is the first obligation of a funeral director. Terms of payment are easily arranged.

Roving Reports

By Hal Boyle

NEW YORK — (AP) — The theory of history holds that emergencies produce the men to meet them.

When a muddy street in England needed the legendary deed of heroism — Walter Raleigh throwing his cloak before the feet of Queen Elizabeth.

Truman acted quickly and coolly in this emergency but lost his head later in another one.

Hal Boyle

From the Crimean war came Florence Nightingale and the development of modern nursing. From the ruins of the 1919 baseball scandal rose a new figure—big Babe Ruth, who helped rescue the national pastime. Holland was reported saved once by a small boy who plugged a hole in the dike with his thumb.

History is full of such examples.

Out in Chicago the present emergency—the high cost of living—may have produced a new Joan of Arc for budget-bothered housewives.

This lady is 22-year-old Mrs. Ruth Berbes, who last week launched a one-woman drive against present food prices by going on a "high cost of living fast." Her passive rebellion began after she was charged 25 cents for a quarter pound of butter.

Mrs. Berbes immediately went on a diet consisting of five slices of bread a day and two glasses of milk. In the first few days she lost three pounds. She said other housewives were taking up the idea, and neighborhood storekeepers were giving her frowns.

HER PROGRAM holds many interesting possibilities. If it becomes popular American women will have to put even more padding in their clothing to retain the "new look," and that will probably cost more money than they saved by dieting.

Stingy bachelors will benefit most. They will show up at their girls' houses with a loaf of bread and a bottle of milk and say:

"Let's stay here and enjoy a nice meal at home, honey. We'll fight this old inflation together."

Personally I think Mrs. Berbes is overlooking an even better way to reduce her grocery bills.

She works at a drugstore soda fountain. I did this for two years during high school and found my worries about food costs were at an end.

When I took the job I weighed an anemic 125 pounds and could hardly muscle up a gallon jug of chocolate syrup. Technically we were supposed to pay for any delicacies we consumed. But with me the public always came first. From time to time I found it necessary to taste a spoon full of ice cream to see that its flavor and consistency were proper for the customers. I also regularly checked the marshmallow, the fudge sauce and the crushed pineapple.

AFTER TWO YEARS the store manager found that my wholehearted devotion to the public welfare was costing him about one gallon of ice cream out of every five. So he moved me over to the tobacco counter.

But I had gained 25 pounds, could hold a case of soap overhead with one hand and tear a Kansas City telephone book in half. I went out for the high school football team and would have made quarterback except that another fellow tried out for the job that year.

I hadn't bought any meals for months and months, and had money in the bank to start college.

It just takes initiative to whip inflation. If everybody in the country would go out and get a job in a soda fountain they could cut food prices in half within a week.

REV. CLAYTON STRAWSER

MINISTERIAL LEADER NAMED IN DISTRICT

Oceola-Mt. Zion Pastor Given Appointment.

Rev. Clayton Strawser, pastor of the Oceola-Mt. Zion charge of the Evangelical United Brethren church, was named recently as ministerial leader for the Marion district of the Sandusky conference. He succeeds Rev. Harry L. Troutner, former pastor of the Evangelical United Brethren church at Bucyrus, who left a short time ago to make his home in Florida.

Churches and charges of the district include Bucyrus, where Rev. Mahlon Wenger is now pastor; Cardington charge, composed of three churches, Rev. Howard Hammer, pastor; Hepburn charge, three churches, Rev. Edwin Griswald; Marion First church, Rev. D. H. Hochstetler; North Robinson charge, three churches, Rev. Price Campbell; Oceola-Mt. Zion, Rev. Strawser; Smithville charge, two churches, Rev. Herman Kear; Sycamore, Rev. Thomas H. Weisenborn; West Mansfield charge, two churches, Rev. Francis McCracken. A district meeting will be held Friday in connection with a meeting of the conference council of administration at Findlay.

Gil Dodds "Foursquare," Galion Pastor Declares

Special to The Star

GALION—Addressing the Galion Rotary club at its dinner-meeting, Monday night, at Hotel Talbott on the subject, "The Foursquare Man," Rev. Herbert S. Garmes Jr., pastor of First Lutheran church, told the club that "The really big man must be well balanced on all four sides."

Elaborating, Rev. Garmes said these four sides are: (1) Capital, which means good health, good mental and physical heredity and good environment; (2) Capacity for making the best of his opportunities, capacity for profiting from his mistakes and a capacity to grow and progress; (3) Character; and, (4) Courage. "Gil Dodds, the flying parson who is America's No. 1 mile runner, is an outstanding example of the Foursquare man," the minister concluded.

Club members also heard a brief talk by Lawrence Bennett who told of visiting Rotary clubs in Orlando and St. Petersburg on his recent stay in Florida. W. Y. McCulloch gave a short account of the meeting of civic leaders last Friday night in the interest of promoting a Community Center with Y. M. C. A. affiliations in Galion. Another Rotarian, Arthur Manser, told of his trip to Tiffin last week with Russell L. Post who is a member of the district nominating committee of Rotary. John P. Porter, Galion's new service and safety director, a former Rotarian at Troy, O., was present for the meeting.

ARTICLE ON LINCOLN READ BEFORE SOCIETY

A program including an article on Abraham Lincoln, and music, and a Valentine exchange were held at a recent meeting of the Ladies' Aid society of Trinity Lutheran church, south of Marion, at the home of Mrs. Harry Lehner. Several guests were present. The meeting was opened with Scripture and prayer by Mrs. Lehner, Rev. Wilbur Budke, pastor, presented the lesson topic, and Mrs. Tillie Laucher read an article from a missionary publication.

For the program, Mrs. Grover Lichtenberger presented the article on Lincoln; Mrs. Fred Leffler played a piano solo, and Mrs. Leslie Bunnell and Mrs. Delbert Lichtenberger sang a duet. A contest award went to Mrs. Paul Naher. Guests included Mrs. Ray Weiser, Mrs. Maude Dutt, Mrs. Forest Roush, Mrs. Ed Seiter, Mrs. Perry Seiter, Mrs. Ray Schelhorn, Mrs. George Lust, Mrs. Eugene Schelhorn, Mrs. Walter Behner and Mrs. Fred Leffler. The next meeting will be in the home of Mrs. Grover Lichtenberger on Superior street, Marion.

Marion Youth Enlists In Navy Study Course

Charles Russell Ciola, 18, of 406 Thompson street is the first man from Marion to enlist in the U.S. Navy under the High School graduate training program, Chief Carl T. Prusnek, navy recruiter announced today.

Ciola, a member of the graduating class at Harding High in 1947 has been taking a post graduate course and elected to enlist under the new navy program which offers the prospective enlistee a choice of his service school before enlisting. Ciola elected to enlist for three years and attend electrician's mate school.

Love's Perilous Path

By ADELE GARRISON

DICKY and Harry Underwood exchanged glances. Then they rose as with one accord, moved to where Lillian and I were sitting, and bowed low before us after giving us military salutes.

"Resplendent dames!" Dicky declaimed. "I believe you've hit on the right answer. But you sure have put the hand it to the Chief. What we haven't think of!"

"We'd better be concerned with what he thinks of you," Lillian corrected. "Methinks I hear him breathing."

The men fairly raced back to their seats, for Lillian's hearing is unusually keen. And a minute later her warning was justified. The door opened, and my father, Commander King Georges, came into the room.

I had been dreading my journey with the royal play boy, but my fears diminished as I saw how subdued he was. When he came across to me, and, bending over my hand, kissed it with his usual princely courtesy, he made no reference to Mary, as I had half expected he would do. Instead he asked solicitously if I had seen Olina, and if she had any message for him.

"Yes," I answered, "I have a letter from her, in reply to yours, and I will give it to you when we get to Sag Harbor. I cannot get it out of its hiding place before then."

"Of course not," he assured me. "Naturally, I am most anxious to see it, but I can wait."

"I am afraid you will have to do just that," I said, smiling at him, and with a returning smile he put another question.

"Did you have a chance to talk with my dear girl?" he asked.

"Oh, yes," I told him.

"Do you mind telling me your impressions of her? Is she really happy over our coming marriage?"

"She is very happy," I said, glad that I could speak the truth, but wishing that I could get over to him Olina's dread of seeing him and Mary together at the wedding. But on second thought, I knew that I would not have told him of that angle even if I had been given permission to do so by Olina. Georges' ego was altogether too inflated as it was, without adding any more gas to the balloon.

"I am so relieved and happy to hear that," Georges said. And I looked at him curiously.

"Did you have any idea that she might be unhappy over your forthcoming marriage?" I asked him incredulously.

"Whoever knows what a woman's reactions will be to anything?" he asked, a bit theatrically.

The forebodings which had been mine over my trip with Georges came back as quickly as they had fled at his first subdued behavior. This oratorical question meant only one thing, I was afraid, that in the next few hours I would have to come to grips with the royal playboy over Mary.

"That depends upon the woman," I told him, and was glad, indeed, when his reply, if he meant to make any, was cut short by the sounding of Mr. "K's" signalling upon the outside door.

Harry Underwood went to the door, and George looked in startled fashion at me.

"Who is that?" he asked.

"I imagine it is Mr. 'K'," I said. "He was here a little while ago, but went away to attend to an errand for my father."

"Then," he said a bit breathlessly, "that means we will be starting on our journey almost at once."

"Yes, I imagine it does," I said a bit dryly. "You sound as if you were not anxious to go."

"I hate being hidden away like an animal in a cage," he said. "And I hate leaving—"

He did not finish his sentence, for just then Harry Underwood returned with Mr. "K" in his wake, and I cynically wondered which name, Olina, or Mary, would have ended his sentence.

My father evidently had been waiting for Mr. "K's" return, to voice the caution Harry Underwood's questions had aroused, for he spoke quickly.

"'K'," he said. "Will you please come into the library with me for a minute?"

Delaware Missionary Dies at Foochow, China

By The United Press

NEW YORK, Feb. 18—Rev Harry Escott Worley, 51, of Delaware, O., a Methodist missionary in China for 30 years, died in Foochow Feb. 14 after a long illness, the board of missions and church extension of the Methodist church announced here today.

Dr. Worley was president of the Union Theological seminary at Foochow and chairman of the Foochow chapter of the International Red Cross.

He is survived by his widow, Zela Worley of Forest, O., and a son, James R., who is in the merchant marine.

NAMED TO SOIL BOARD

—But Not Forever

THE supreme court's unanimous opinion that the federal government has a right to control rents even though hostilities ended officially at the end of 1946 may not close the door to resumption of rent control.

The court ruled on the basis of a law expiring next Sunday. Whatever law may be enacted to take the place of the expiring law could become the basis of a new challenge.

Justice Douglas, speaking for the seven court members, explained that rent control exists with the "consequences of a housing deficit greatly intensified during the period of hostilities by the war effort" and therefore could be continued properly after the end of hostilities. But Justice Jackson, in a concurring opinion, warned against "misuse of war powers" "to do things to the detriment of the people or to their property or economy that only indirectly affect conduct of the war and do not relate to the management of the war itself." That is the door left open to further challenges of rent control.

Eventually, it will have to be assumed that housing has reached normal supply. This will not be a mortgage, because many housing authorities contend the United States suffers from a chronic shortage of housing in any event, congress or the courts will have to decide at what point the deficit, if any, no longer can be blamed on the war. At that point, rent control would be an unwarranted continuation of wartime powers.

Decision Due on Korea

ANOTHER knotty problem will come before the UN late this week when the general assembly's interim committee receives a report from the delegation which attempted to establish a stable government for all Korea. Its emissaries were turned back at the northern to the Russian zone in the north.

The alternatives now are to abandon all Korea to the Communists, or to set up a democratic government in the south sector. Such a government would have a good chance of survival, for it would encompass two-thirds of the population.

The Russian position in Korea is part of a larger picture. Russian pressure there will ease when the Kremlin calls a halt to expansionist policies on all fronts. Until that time, a strong South Korean government would help contain that pressure.

All in the Same Leaky Boat

THE United States conference of mayors meeting in New York is looking for an answer to this question:

Are cities entitled to enough income to survive or aren't they?

All mayors these days share the common problem of keeping their cities going on income that would have cramped them 10 years ago. Meanwhile, the federal government has boosted its income enormously and is collecting a surplus of tax money. So are the state governments. Despite their inflated rates of spending, it doesn't make sense.

Furthermore, when cities go directly to taxpayers with appeals for more funds, taxpayers take out their resentment against high taxes in general on the government closest to them—their own cities. Yet the real spenders—the governments that are far away—continue to have the privilege of skimming the cream off public income.

Few mayors would claim that more taxes should be collected in the aggregate. They are asking for better distribution of tax moneys. They aren't interested in kick-backs either; they want to keep enough money at home to let citizens pay their own way without sending it off to a state capital and Washington. D. C. then pleading to get some of it back. They're fed up with drifting in a leaky boat while other taxspenders cruise in yachts—and they're counting on the probability that their constituents are fed up too.

February Thaw

IN THE last few days, the dandelion burner, impatient to start his springtime rounds, has been scuffing the sod with a probing toe to see what nature of roots are burgeoning. The afternoon temperatures have been in the 50's and the evening light lingers well past 6.

The well-mulched garden steams in the sunlight. The rotted ice on the farmland creek—pronounced crick—disintegrates without the muss and fuss that attends such thaws on larger streams down the watershed.

Wintering robins and jays are to be seen if you know where to look. A driver on a lonely country road at night may catch the twin gleams of a groundhog's eyes in his headlights, for warm late winter days bring him out even if Groundhog day was sunny.

Such are but a few of the vernal stirrings evident in a February thaw. The snow may return, but there is a promise of better days not many weeks hence. The dove returned to Noah's Ark with an olive branch; the February thaw is our olive branch.

Terns are believed to fly non-stop from their summer homes in the Arctic, 7,000 miles south to their winter homes near the Antarctic regions.

... ge, five busy men. But he ... should make a lot more because ... they get invitations from all over the country ... then turn down a lot so they can get some work done here. They try to pick out the ones where they can do the most good for their ideas.

What does? Getting the American public to think about atomic energy, how it can be used for peace and what its use in war means.

For example, Lilienthal has money made a talk to the Radio Executives club in New York. Why the radio executives?

Because he hoped he could get them to put more information about the atom on the air.

Well, if the commissioners are so anxious to inform the public about the atom, why don't they do more of it themselves?

Because you'll be told at the office that we're members of a government agency supposed to develop atomic energy.

Congress gave Lilienthal and the ... into last spring the commission ... a ... public relations department to ... the public.

BUT LILIENTHAL SEEMS extremely serious. He believes the public should be thinking about atomic energy now and be informed about it.

For that reason the commission ... with ... and newspaper people, educators, religious, community groups and others, asking them to turn over to it ... information.

There seems to be a note of urgency in some of the things Lilienthal says about the need for public information on atomic energy.

For example, he said recently:

"What is in the people's minds today about atomic energy is more important. But what may be in their minds next year at this time, or two or three years hence when tensions may have increased, when steady judgment may be essential, depends upon what we do in the meantime."

BESIDES DEVELOPING atomic energy for peaceful uses, Lilienthal ... responsible for seeing that atomic weapons are made and stored up.

Because of national security and the secrecy involved in much atomic work, Lilienthal can't say all he hopes he will be able to.

But before the radio executives ...

"I believe it to be a fact. The only solid hope for preventing the use of atomic energy for destruction on a scale that has not yet been disclosed is for peoples everywhere to come to understand the atomic world, and to understand thereby the opportunities that lie before us to put this knowledge to uses beneficent and human."

Told another way, Lilienthal seemed to be saying: If people everywhere know how really destructive the bomb is, they won't want atomic war.

IN OTHER SPEECHES he has pointed out the wonderful peacetime uses that can be expected from atomic energy. He has said:

"We must make sure that the American people will have a say-so, and decisive say-so, in the adjustments these discoveries will bring into community life, in our agricultural, educational, industrial and military institutions.

"You must make dead sure that your public servants in all branches of your government, civil and military, legislative and executive, all understand clearly that atomic energy is your business, the people's business."

That seems to be another way of saying:

If the people are informed about what atomic energy can do for them, peacefully and what it can do in war, they'll make sure to let their congressmen and the government know what they want done.

Minstrelette Show Presented by O.E.S.

A "minstrelette" show sponsored by the chorus of Lydia chapter No. 83, Eastern Star and presented by the chorus, soloists, musicians and officers, was given at the Masonic temple Monday night. Of an attendance of nearly 400, about 100 were from out of town. The show was written and directed by Mrs. Eve Hunter. She also served as pianist, and assisting her, with drums, was Louis Meister. The performance opened with a piano duo number, "American Rag," by Mrs. Hunter and Mrs. Vera Koons. The latter also was interlocutor for the show. A welcome was given by Mrs. Dorothy Galladay, worthy matron of the chapter, followed by entrance of the "endmen," Miss Joan Lockwood, Mrs. Harriet Hancock, Mrs. Evelyn Stone and Mrs. Geraldine McKeehen.

Presentation of the American flag was by Linda Ann Vail and the audience sang "Star Spangled Banner." Opening chorus by the company was followed by solos by Miss Lockwood, Miss Dorothy Gail Stephenson and Mrs. Hancock. Mrs. Anna Heiser and Mrs. Alice Creasap sang "Two Little Maids" dressed in appropriate gingham frocks and sunbonnets. A solo by Mrs. Goyer was followed by readings by Mrs. Aurel Wright, solo, Mrs. Guthrie, accordion medley, Mrs. Goldie Swope, solos, Mrs. Stone and Mrs. McKeehen, and a novelty number, "Mammy, Lady Baritone," pantomimed by Miss Lockwood to music of an Al Jolson recording. "Mighty Lak a Rose" was sung by Miss Stephenson and the chorus followed by a "Challenge Dance" by Miss Jean Swope and Mrs. Jane Melby Coffey, and closing chorus number. Stage directors were M. M. McKeehen and Walter Guthrie, and Mr. Guthrie also was in charge of makeup.

Program of Youth Activities Discussed

A four-hour round table discussion of youth activities for Marion was held Monday night at St. Paul's Episcopal church.

Representatives of six Marion civic groups met with a committee including Juvenile Judge Edward J. Ruzzo, Ralph Carhart, A. T. Allen, L. Otis Porter, and Charles Myers to formulate plans for youth activities here.

Kiwanis, Rotary, Exchange, Lions, Y's Men's clubs and the Junior Chamber of Commerce were participating civic groups. A. T. Allen of the Kiwanis boys' and girls' committee presided as temporary chairman.

The second meeting of the group will be held Monday evening Feb. 23, at 7:30 p. m. at St. Paul's Episcopal church to develop an outline of needs to be met by the organization.

One Man's Opinion

By WALTER KIERNAN

Some of the hardships of war are just coming to life. There are reports now that only 161,800 custom-built chairs were ordered for officers.

* * *

That would seem to entitle those who got a hard chair to a special decoration and from some hard chairs you could get one.

* * *

Representative Engle seems to feel that the Army could have gotten along with $945 instead of $26 chairs and still the war would have been no bargain.

* * *

But we're all trying to save a dollar these days. The UN is moving to Paris in the hopes of picking up a bargain peace.

America offered many attractions but its press had a habit of asking blunt questions better answered in French.

French is the third official language of diplomacy. In French it is possible to agree to every point while arguing at the same time.

Marseilles Institute Set for March 1, 2

Marseilles farmers' institute will be held Monday and Tuesday, March 1 and 2 with six sessions planned, according to an announcement by Paul Hartle, institute chairman. All sessions will be held in the Marseilles High school auditorium.

Two outstanding speakers have been engaged for the sessions. Mrs. Henry Ebert of Columbus and Henry Leimbach of Vermilion will address the institute. Mrs. Ebert is a native of Germany, coming to this country after an internment in concentration camps. Her topics are timely and educational. Mr. Leimbach has talked to the Marseilles group before. He is well informed on farm problems.

The exhibit committee is urging cooperation for the success of the institute through participation. U. S. Calls Halt To Oil Export Permits

By The Associated Press

WASHINGTON, Feb. 18 — The commerce department has called a 48-hour halt on new permits to export gasoline and fuel oil.

Meanwhile it will try to work out another cut in foreign quotas to save scarce oil for use at home.

The export quota for the first quarter of 1948 already has been sealed down to the—from 17,000,000 barrels to 11,850,000 to 9,650,000.

The commerce department issued the new order after a double session last night.

First the stoppage was announced. Then it was called off half an hour later. And half an hour after that it was on again.

COACH PACKS PISTOL AFTER K.K.K. THREAT

ROSSVILLE, Ga., Feb. 18—An ex-marine who said he had been threatened by the Ku Klux Klan packed a pistol in his pocket last night and went about his business as a high school coach.

The most exciting thing that happened was the defeat of Coach Walter Bowland's Lakeview, Ga., basketball team by Rossville here, 75-29.

Even so just about everybody in this small town turned out for the game at the school gym just in case the Klan carried out its reported threat to tar and feather Bowland.

Had the Klan tried anything, said Bowland, seven or eight of his friends including policemen were hanging around outside ready to start throwing lead—if necessary.

Two weeks ago the 27-year-old Bowland said he received a threat from the hooded order to "leave town or be tarred and feathered."

Sniper Kills Jewess As Bombs Rock Holy Land

By The Associated Press

JERUSALEM, Feb. 18 — More than a dozen bomb explosions were heard in the Holy Land today but the only death reported was a sniper casualty.

Jewish sources said a sniper's bullet killed a Jewess on the Jaffa-Tel Aviv border.

Two British constables died yesterday from gunshot wounds suffered when they were attacked in Jerusalem's old city. Three Jews and two Arabs also were slain in continuing communal violence.

U.S. ARRESTS WOMAN FOR DEPORTATION

By The Associated Press

WASHINGTON, Feb. 18—The justice department today announced the arrest for deportation of Beatrice Johnson, described as promotion manager for the New Masses, New York weekly publication.

The department said Mrs. Johnson has been active in the Communist party in this country, and that she lacked citizenship.

She was taken into custody in New York under the immigration laws providing for the exclusion of aliens who belong to groups advocating the violent overthrow of the United States government.

She was removed to Ellis Island, and the department said it had approved her release on $1,000 bond pending deportation.

Mrs. Johnson is one of a score of alleged alien Communists who have been seized recently for deportation.

The department two days ago took into custody Ferdinand Christofer Smith, native of Jamaica and national secretary of the National Maritime Union. He is accused of being active in behalf of the Communist party without benefit of American citizenship.

The department said that Mrs. Johnson is 45 years old, a native of Poland and is also known as Mrs. Elmer Johnson, Beatrice Siskind, Sicelos Baile Ziskind, Beatrice Simons, Beatrice Lee and C. E. Johnson.

WALLACE

(Continued from Page 1)

tomorrow night before the Jefferson-Jackson day dinner at the Mayflower hotel will be a "major speech."

Even those who discounted Wallace's showing as a vote-buller in yesterday's special congressional election in the Bronx agreed on one thing.

The situation calls for an all-out attempt to pull warring Democratic factions together, plus a supreme effort to get out the party vote in the presidential election.

In 1944 Franklin D. Roosevelt carried New York state over Gov. Thomas E. Dewey by only 300,000 odd votes—with nearly 500,000 ALP members voting for him. What if most of these go to Wallace in 1948?

Democrats in the capital were hard put to find much comfort in the figures from the Bronx election.

Rep. Kirwan of Ohio, chairman of the Democratic congressional campaign committee, admitted that the showing of Isacson was "surprising."

However, he said he was astonished by the "absolute disappearance of the Republican party in the district." The GOP nominee got only 4 per cent of the vote yesterday against 19 two years ago.

Leo Isacson, the Wallace-backed ALP candidate, received 56 per cent of the vote. Karl Propper, the Democratic nominee, got only 30.9. The Liberal party made it a four-way race.

needed. How much would be loans and how much gifts was not stated.

▶Another $60,000,000 for "a few selected reconstruction projects to be initiated prior to June 30, 1949."

Mr. Truman said the imports to be financed would include cereals (wheat, rice), cotton, petroleum, fertilizer, tobacco, pharmaceuticals, coal and repair parts for existing capital equipment.

To Repair Capital Goods

The $60,000,000 would be used to repair roads and railroads, fuel and power plants, and factories which can make things the Chinese could sell to other nations.

Pending establishment of an administrative agency for the European Recovery Program, the President said, the aid to China should be carried forward under the existing machinery for foreign relief.

Legislation authorizing the Chinese program, he added, should provide for transfer of the China aid administration to the ERP setup.

ANDERSON'S PUZZLE: WHEN TO BUY WHEAT

WASHINGTON, Feb. 18—Secretary of Agriculture Anderson is hunting an answer to this grain market puzzler.

When should he start buying wheat again for shipment abroad?

His department got out of the market quickly week before last when prices started tumbling. Anderson instructed government buyers to spurn all offers until prices were "stabilized."

They aren't yet. And the department must start buying again soon. It needs at least 75,000,000 more bushels by June 30 to meet the government's minimum export goal of 450,000,000 bushels this crop year. President Truman would like to ship 500,000,000 bushels.

What is bothering Anderson is the possibility that whatever he does will cause a holler.

Usually, when the government buys, prices go up. When it drops out, they go down.

When prices go down, wheat growers and other grain owners complain. When they go up, housewives don't like it, because they know it will mean higher food prices.

Senator Taft of Ohio, a candidate for the Republican presidential nomination, has said Anderson wants to keep prices high.

On the other hand, Chairman Hope (R-Kas) of the house agriculture committee, has said the department should have bought wheat during the market break to halt the price drops.

Anderson denied Taft's claim. He said he wished the two Republican lawmakers would get together.

The secretary's decision would have been an easy one if the wheat market had kept falling the limit for several more days.

That would have pushed prices down to the point at which the government is required by law to support them. That point is $2.08 a bushel at Chicago and $2.03 at Kansas City.

BONUS

(Continued from Page 1)

Hummel said, "is the only way for us (the commission) to retain our identity in paying the bonus." Ferguson said he did not want to delegate his authority.

Ferguson also retracted a previous vote in favor of Chapman and Cutler, Chicago law firm, as certifying counsel for the legality of bonus bonds for purchasers. He said William S. Evatt, a member of former Gov. John W. Bricker's law firm, was retained subsequently by the Chicago attorneys.

"I think the commission should demand that Bricker and Evatt be required to return to the state all the money they will get out of it," the auditor asserted.

State Treasurer Don H. Ebright told fellow commissioners Evatt was retained because he was the only Columbus attorney with "great experience" in passing upon the legality of bond issues. Ebright said syndicates purchasing the bonds will pay the certifying attorneys.

The commission meets Friday to determine when the bonds will be offered for sale. Members said the sale date would be "sometime in March."

Station Master Held In Crash That Kills 24

By The Associated Press

LILLE, FRANCE, Feb. 18—Station Master Albert Dufour of Thumeries was jailed today on charges of involuntary manslaughter in conection with a train wreck last night which police said cost at least 24 lives and injured 40.

The accident, caused when a passenger train collided with a freight train, occurred 15 miles from here, just after the passenger train took aboard a number of factory workers.

EDUCATORS FAVOR STATE BUILDING AID

By The Associated Press

CLEVELAND, Feb. 18—Should the state help school districts to finance construction of buildings?

A local educator put that question to school superintendents in every Ohio county.

A large majority replied that it should. Many expressed belief that safeguards should be written into a state aid program.

W. L. Shuman, superintendent of the Cuyahoga county school district, sent questionnaires to 288 school superintendents.

Replies were received from 127. On state aid, 105 were in favor, four opposed and 21 expressed no opinion.

Shuman said these were some of the suggestions for reservations or safeguards in a state aid program:

▶Reorganization of the state tax laws.

▶A workable and enforceable system of property valuation.

▶Federal as well as state aid should be sought.

▶Building construction during periods of high costs should be limited to strict necessity.

▶Reorganization of rural school districts to make them more efficient or economical.

The question of state uniformity in property valuation, said Shuman, was an example of the difficulties involved in adopting some of the safeguards.

Only nine of the superintendents who returned questionnaires reported their districts were able to finance necessary building programs. Seventeen reported their school housing problems were not acute.

TAX CUT

(Continued from Page 1)

ed the plan. He said it will improve chances for tax cutting.

The house already has passed a bill to cut taxes $6,500,000,000 a year. Millikin's committee plans to start hearings this bill Monday. It may pare the measure to $4,500,000,000 or $4,000,000,000.

Senator Bridges (R-NH), chairman of the senate appropriations committee, said the Millikin plan "brightens the chances for tax reduction, very much."

Senator Brewster, (R-Me), a member of the finance committee, termed Millikin's proposal a "masterful plan" which means that tax reduction this year is "in the big."

Byrd's Objection

But Byrd, another finance committee member, disagreed with the Republicans. He said the Millikin plan "does nothing but juggle the books."

The Virginian added it "would not increase the government's revenue one bit and it does not brighten the chances for a tax cut the slightest, so far as I am concerned."

Rep. Gore (D-Tenn), a member of the house appropriations committee, put it similarly.

"This is just one more budget juggling which doesn't save the taxpayer one dollar. It is a patent attempt to justify the Republican tax-cutting bill."

Senator Taft (R-Ohio) said that whether the Millikin plan increases the tax reduction odds is "a matter of opinion."

"I don't want to pass on that," Taft added.

Ohio River Rise Halts Short of Flood Crest

By The Associated Press

CINCINNATI, Feb. 18 — The rain-swollen Ohio river was virtually stationary here early today, just short of the predicted 54-foot crest.

The weather bureau reported at 2 a. m. that the river gauge showed 1 8 feet over the 52-foot flood stage. The rise was less than one-twentieth of a foot an hour.

The flood waters reached the basements of some business houses along the river front and a score or more families in low-lying eastern sections of the city were forced to move.

NAMES OMITTED

In a report of a Campbell school Community club meeting which appeared in Tuesday night's Star, the names of Mrs. John Shelton and her son Dean, a pupil in the Grand Prairie school, who took part in the program, were overlooked. They played a group of piano duets.

Escaped Prisoner Back, Wants To Go Straight

By The Associated Press

COLUMBUS, O., Feb. 18—A 20-year-old escaped prisoner who wants to go straight and support his wife and baby has asked return to custody here.

Louis Smith walked into the Franklin county sheriff's office today and identified himself as a prisoner who escaped from the state penitentiary last campaign. Sent, say Smith.

I left because I was broke and my wife, a three-week-old baby, I have never seen," he said. "I'm going straight and support my wife and baby when I get out."

Smith was sentenced to one-to-10-years in Mansfield reformatory for burglary in Franklin county Sept. 11, 1944.

In Memory

★Of Frederic (Ted) Lacey who died one year ago today, Feb. 18, 1947

We watched him suffer, day by day
It caused us bitter grief
To see him slowly pine away
And could not give relief.
His weary hours and days of pain,
His troubled nights are passed,
And in our aching hearts we know
He has found sweet rest at last
'Tis sweet to know we will meet again,
Where parting is no more.
And my dear husband I loved so well,
Has only gone before.
God knows how much I miss him,
He counts the tears I shed,
And whispers, "Hush, he only sleeps,
Your husband is not dead."
Some day, some time, my eyes shall see
The face I loved so well,
Some day, some time, his hand I'll clasp,
And never say farewell.

U. S. Knew About Hitler's Plans For Invasion of Russia

By CORDELL HULL

(Copyright, 1948, by North American Newspaper Alliance)

INSTALLMENT XXI

... at home when word of Hitler's invasion of Russia on ... 1941 reached me. Immediately I telephoned the Presi... then Under Secretary Welles. To each I said, in effect: ... must give Russia all aid to the hilt. We have repeatedly ... give all the help we can to any nation resisting the ... There can be no doubt for a moment that Russia comes ... last category."

... that some military experts both here and abroad were ... that Hitler would ... Russia from the war in ... or a few weeks. But I ... believe it any more ... had believed the state... so many that, with the ... France, the collapse of ... would be a matter of a ... I had felt that, in ... rushing vast quantities of weapons to Britain in the summer of 1940, we were taking no real risk that they would fall into German hands. And similarly I believed we could send Russia all weapons and supplies possible without real risk that the Germans would overrun and capture them. If the President and I had doubled Russia's ability to resist Germany it would have been foolhardy to have sent her arms that would only have fallen into Hitler's hands.

FOR HALF A YEAR we had had excellent reason to believe Hitler would attack Russia, hence the event of June 22 did not surprise us. In January, 1941, there came to me a confidential report from Sam E. Woods, our commercial attache in Berlin. Woods had a German friend who, though an enemy of the Nazis, was closely connected with the Reich's ministries, the Reichsbank and high party members. As early as August, 1940, this friend informed Woods that conferences were then taking place at Hitler's headquarters concerning preparations for war against Russia. This information became more concrete after some weeks, when Hitler reportedly said he intended to have "only my soldiers from Vladivostock to Gibraltar."

Woods used to meet this friend in a Berlin motion picture house. By buying reserved seats from an agency and sending two tickets to Woods, the friend managed to sit alongside him and in the semi-darkness slipped notes into Woods' coat pocket.

THE INFORMATION from Woods was in marked contrast to the considerable evidence that Hitler was planning an invasion of Britain, but the contacts of Woods' friend said that the air raids against England served as a blind for Hitler's real and well calculated plans and preparations for a sudden, devastating attack on Russia.

Later Woods' friend informed him that an organization of the Wehrmacht for the old 21 Russian Czarist regional governments had been formed, and that the economic staffs for these territories had been appointed. Bales of banknotes in rubles had been printed.

Finally, through a contact this friend had on the German general staff, Woods learned the chief points of Hitler's strategic plan—the three wedges, those of the north and the south and the decisive third one in the center, direct against Moscow. All preparations had to be completed in the spring of 1941.

When Woods' report embracing all this information came to me it was so circumstantial that, at first, I believed it a German "plant." I turned it over to J. Edgar Hoover, chief of the federal bureau of investigation, for his comment. Hoover thought it authentic. Woods having told us of a method of confirming the standing and contacts of the source of checking with a prominent German exile in the United States, I asked Assistant Secretary of State Breckinridge Long to see him and obtain this confirmation, which he did. I also talked over the report with the President.

I THEN DECIDED that the contents of the report should be communicated to Soviet Ambassador Oumansky. Such a step, I believed, was in keeping with the proper attitude this country should take toward Russia. I requested Welles, who at my suggestion had been holding a series of conversations with Oumansky to straighten out the differences between our two countries, to call this information to the ambassador's attention. This Welles did.

When further information from the same source came to me, I again turned it over to Welles, requesting him to communicate it to Oumansky. This he did on March 20.

Oumansky no doubt forwarded this information to his government, as he said he would. It is difficult to say what precise effect it had on Soviet policy. Only three weeks later, however, Stalin suddenly concluded a non-aggression treaty with Japanese Foreign Minister Matsuoka, at a moment when Matsuoka believed such a treaty impossible. There is no doubt that Stalin made the treaty to protect himself in the Far East in the belief that Hitler intended attacking him in Europe. Furthermore, Russia was adopting a stronger policy toward the Balkan countries than might have been expected in the face of Hitler's plans to absorb them into the Axis.

RUSSIA, AFTER HAVING stimulated Hitler in August, 1939, to embark on the European war, and after having assisted him by invading Poland when the Poles were desperately resisting the German army, had interfered with and obstructed Hitler's purposes in many ways since June, 1940.

The information we had that Hitler was planning an invasion of Russia was particularly useful to me in my conversations with the Japanese. It ruled out any likelihood of an alliance between Russia and Japan, and it enabled us to adopt a firmer attitude toward Japan than would otherwise have been the case.

Unfortunately, the discussions between Oumansky and Welles broke down, or rather blew up in an explosive, acrimonious exchange between them. Oumansky, who thought that firmness meant rudeness, was difficult to deal with at best. Moreover, he was put on the spot by his government, which demanded much more in purchase of key materials than we could release in view of our commitments to Britain, and looked to Oumansky to obtain them.

Oumansky came to me in a dark mood on May 14 and spent the first 20 minutes of our conversation in rehearsing the differences between our two governments which he said he had vainly discussed with Welles 22 times since the preceding summer. He then handed me a communication signed by himself, referring to a delay in the departure of a shipload of material to Russia. His note spoke of our "hostile attitude" toward his government and threatened that his government would "draw all necessary conclusions" from our attitude. He then repeated orally two or three times that our action was due to hostility to his government and was a personal act due to personal hostility.

I HALTED HIM at that point by saying: "When I think of a country I think of the people more than of the government. Neither I nor my government has the least hostility toward the people of any country. In the case of the Soviet Union and its government I have not the slightest feeling of personal hostility, nor has my government. It is not only entirely inaccurate but grossly unfair to impute personal considerations in the slightest extent to actions of this government. I don't propose that you shall get away from my office with any thought that you have successfully fastened that charge on this government, since it is absolutely without basis."

I ended the conversation by saying we had been friends of the Russian people both before and after our recognition of the Soviet Union in 1933. The discussion had been a little animated.

The first week in June we received convincing cables from our legations in Bucharest and Stockholm that Germany would invade Russia within a fortnight. The department sent these reports to Ambassador Steinhardt in Moscow.

EIGHT DAYS BEFORE Hitler marched into Russia, Prime Minister Churchill sent the President a message saying that, from every source at his disposal, it looked to him as if a vast German onslaught on Russia were imminent. If the new war broke out, he said, Britain would of course give all encouragement and any help she could spare to the Russians, on the principle that Hitler was the foe she had to beat. He said he did not expect any class political reactions in England and trusted that a German-Russian conflict would not cause us any embarrassment.

The conflict caused us no embarrassment, and gave us renewed hope of overcoming Hitlerism. From White Sulphur Springs I was in constant touch with the President and Welles, urging that we give Russia the most vigorous assurances of all the help we could extend. The President sent Harry Hapkins from London to Moscow to survey Russia's military needs. Mr. Roosevelt released Soviet blocked funds, and decided not to apply the neutrality act. On August 2 Acting Secretary Welles and Ambassador Oumansky exchanged letters, we promising "to give all economic assistance practicable for the purpose of strengthening the Soviet Union in its struggle against armed aggression."

On August 4, I saw Oumansky, who brought with him Soviet General Golikov. Oumansky's attitude was now quite different from what it had been at our last interview. I told him of the interest I had taken while I was away, and especially since my return, in seeing that Russia got all the military supplies we could spare. General Golikov said he had presented the needs of his government to the state department two weeks before, but the only result had been the shipment of 60 planes to Russia, and that Russia needed anti-aircraft and anti-tank guns most of all. I offered to redouble my efforts to aid in speeding the delivery of these weapons.

AS I TALKED to my Soviet visitors, the President was engaging in his Atlantic conference with Prime Minister Churchill. Russia attracted an important segment of attention at the conference. After Harry Hopkins, who was present at the meeting, made an optimistic report on the Soviet Union's ability to resist Hitler's invasion, the President and the prime minister agreed to a statement to be given Stalin. The President wirelessed this to me on August 13, asking me to cable it to Moscow.

The two leaders assured Stalin "we are at the moment cooperating to provide you with the very maximum of supplies that you most urgently need. Already many shiploads have left our shores and more will leave in the immediate future." They proposed a conference in Moscow to analyze Russia's needs, with high representatives of the United States and Britain going to Russia for this purpose.

The story of the Atlantic Conference has been narrated elsewhere at various times. While it was being prepared I was recuperating at White Sulphur Springs, and when I returned to Washington the President was already en route to his rendezvous. Mr. Roosevelt had cherished for several months the idea of a personal conference with Churchill. I first became aware of it the end of May.

WELLES WROTE ME at White Sulphur Springs on July 28 stating that the conference had been arranged for August 8, 9 and 10, and telling me that he intended to urge the President, if he expected to discuss more than purely military problems, to take someone with him who could keep a precise record of the conversations and of the agreements that might be reached.

Much was accomplished at the conference in the way of bringing the President and the Prime Minister into close personal touch with each other's ideas. On the British battleship "Prince of Wales" and on our cruiser "Augusta" began that unique, intimate relationship between two great men which did so much to speed the outcome of the war.

U.S. SLIPPING

incidents such as the state police taking the names of all members attending church; demonstrations against priests, anti-religious lectures in schools and forbidding parishioners the right to wear religious symbols where they can be seen.

Strange Instructions

Nevertheless, in a pastoral letter to his priests, the orthodox Exarch Stephan of Bulgaria the First, instructed them to preach support of the Communist regime and praised its two-year plan.

The Exarch, a huge, white-bearded man, came to power in the church with the Communist rise. At the same time the Bulgarian church which had split away from the main church during the past century rejoined the main body whose headquarters is in Istanbul.

Exarch Stephan was one of the few rulers to respond favorably to a bid from the Moscow Orthodox church for a meeting in Moscow, presumably to try and move the headquarters of the church to the Soviet union.

Official estimates place the number of orthodox members in Bulgaria at about five million of a population of nearly seven million people.

The Catholic church in Bulgaria, which represents only a small minority of approximately 25,000, has maintained its Vatican line in relation to the Bulgarian government regime.

Authoritative sources revealed Catholic priests had been advised by officials in the government "to be prudent in words" and stay out of political picture. There have been one or two arrests of Catholic priests, but they have been released.

IT took Jimmy Gallant a full half to find the range against the Prexies last night, but when he did, he pushed them through the hoop at a great rate, netting six two-pointers for Bucyrus in the last half. He ended with 15 points, as did teammate Larry Morton at forward, to stretch his season total to 289. Jimmy is shooting for the 300 mark and a record for the school....But the big gun of the evening was Harding's Jim Coss, who went like a house afire during the first half. Jim sent in five field goals then, and made good four of six chances from the charity line. Midway through the second period, he jammed a finger and that, with some trouble with his contact lenses, seemed to throw him off-stride. Besides setting the scoring pace, he was a demon for the rebounds. He ended with 16 points, high for the evening. His best shot is made right under the basket—a two-handed jump shot.

ST. MARY CAN add the Mid-State league basketball crown to their football trophy IF the rugged Marysville Monarchs drop their next two league contests, which is like asking for snow in July. The Monarchs have won 13 contests and lost but four. Only Lancaster, Columbus West, Bellefontaine, and Upper Sandusky have mastered the Monarchs, the last two by a single point. They've won all six league games to date, and have Mt. Gilead and the Irish to play.... A Mt. Gilead win over Marysville Friday night would rank as an even bigger upset than that the Indians pulled on St. Mary last year in the season closer, which thereby deprived the Irish of the cage crown. ..But the Monarchs next Mid-State league foe after Mt. Gilead, could well dump them. That's the Irish, who have won six league frays but lost to Marysville earlier in the season by a mere point...So much interest is there in the coming St. Mary-Marysville game, that Coach Gene Fetter of the Irish is trying to get a larger court so that more fans can witness the battle....He will probably get the Delaware High school gym, which can squeeze in something like 1,500 fans.... He tried to get Ohio Wesleyan's, which will be in use the date of the tilt (Feb. 27), and considered trying for the Ohio Northern gym at Ada, but decided it was too far away.... If Marysville takes Mt. Gilead Friday, and the Irish take Marysville the following Friday, the Mid-State league will end up with co-champions.

HARDING OUTLASTS BUCYRUS RALLY TO WIN, 51-46

Prexies Turn on Heat in First Half To Take Healthy Lead

By BILL MURPHY

Harding's Prexies, playing their best game to date, humbled the Redmen of Bucyrus last night on the Edison planks, 51 to 46.

Trailing by four points a minute after the starting whistle, the Presidents turned on the steam and pushed 13 points through the hoop to eight for the visitors as they gained a five-point advantage which they held throughout the remaining periods of play.

Jim Coss, showing exceptional dexterity in putting a ball through a hoop, grabbed eight of his 16-point total in the last first frame as the Prexies' pressing defense clicked to perfection and their close-in shooting paid off in high dividends.

Take Commanding Lead

Still going strong in the second canto, Coss and Dick Riddle combined to snare 11 points, aided by one from Dick Gherman and two by Jim Rea, to take a commanding 27-17 lead at half time. Larry Morton, Gene Grove, and Bill Kibler contributed two, three and four points respectively for the black-clad lads in this quarter for a total of nine points.

Starting the third marker, Dick Gherman flipped a feeler from half-way out. Clark got one in close and Thomas sneaked a sucker as the Prexies got three fast ones. Then Captain Jim Gallant began to get hot for the Redmen and scored eight tallies in rapid succession in pacing the Redmen to a 14-11 quarter advantage. Maintaining top pace, Gallant picked up 13 of his 15 point total in the final frames as he and Morton combined to account for 30 of the Redmen's tallies.

Merle Daum, rough when need be but always dead-pan, was outstanding on defense for the locals as they chalked their sixth win while handing Bucyrus their fourth loss. They journey to Columbus to do battle with the high-powered Central cagers Friday night.

Undaunted by the Redmen's fourth quarter rally, the Presidents failed to get rattled and kept pace by counting 13 points while giving up 15 to the desperate Bucyrus floormen.

Dick Riddle, Jim Coss, Jim Rea and Dick Gherman, all were playing their last basketball game on the home boards for Harding, and all got into the game last night.

The young Prexies, jumping to an 8-1 first-quarter lead over the little Indians, slipped badly in the second period to take the half-time rest on the short end of an 18-10 score. Fired by Tom Ballinger, who hit for nine points, the second stringers cut the Bucyrus lead by two points in the third frame and by three more in the final, but failed to overcome the second stanza lead and ended the game three points short of a victory, 35-32.

By The United Press

DELAWARE, Feb. 18—Tickets to the Delaware county Class B tournament at Edwards gym here were completely sold out today.

Seats to the contests Feb. 26, 27 and 28, were limited to 2,000 and were sold on an enrollment basis to the 12 schools entered.

A.A.U. CAGE TOURNEY

By The Associated Press

AKRON, O., Feb. 18—Midnight February 25 will be the deadline for entering the Northeast Ohio district A.A.U. basketball tournament, it was announced by tournament manager Ray Detrick. A trip to the national A.A.U. tournament in Denver will be gained by the winning team. The tourney will be held March 5, 6 and 7 at Goodyear gym.

THOUGH HIS TEAM, the Kenyon college Lords, isn't setting the Ohio Conference on fire, Eppa Rixey, towering center, is averaging about 25 points a game, which is way in front of any other cager in Ohio basketball circles. Eppa is the son of a Cincinnati pitcher of a generation ago, Eppa Sr. His team has won eight games in 15 games. Kenyon lost to Wittenberg, 76-44, last night.

Branch Rickey's Charges Draw Host Of Denials from Major League Moguls

By The Associated Press

NEW YROK, Feb. 18—Baseball's newest controversy—touched off by Brooklyn Branch Rickey's charges that the other 15 big league clubs voted to bar Negroes from the majors—took on the complexion of the old button game today. Everybody was asking:

Documents, documents, who's got the documents?

The Dodger head man flew into town from Chicago shortly before midnight and refused to retreat in the face of a round of denials from top baseball men.

"The best evidence is the documents themselves," Rickey said. "Everybody knows about the documents and what were in them."

The Brooklyn boss said copies of a resolution to bar Negro players—adopted unanimously, he declared, by a joint major league meeting. Brooklyn excepted—were taken back after the vote.

"You can't find a copy of that report anywhere," he said earlier. "I've tried to get a copy, but league officials tell be all were destroyed."

Say No Papers Existed

Several major league club executives insisted no such papers ever existed.

Alva Bradley, former president of the Cleveland Indians declared: "As a matter of fact, I was chairman of that meeting and we never discussed the subject."

Rickey made his charges in a speech Monday night at the annual football dinner of Wilberforce State university, a Negro institution.

He related that the meeting in question took place shortly after he signed Jackie Robinson, the Brooklyn Negro rookie star of 1947, but before Robinson had played a game.

He said copies of a resolution were handed out which read: "However well intentioned, the use of Negro players would hazard all the physical properties of baseball."

"I sat silent while the other 15 clubs approved it," Rickey added in his speech.

Harridge Can't Be Reached

Ford Frick, president of the National league, declined to say anything on the matter. Will Harridge, head of the American league, couldn't be reached in Miami Beach, Fla., where he is vacationing.

But the Rickey charges provoked stout comebacks from other sources.

P. K. Wrigley, owner of the Chicago Cubs, said, "No such a vote was ever taken."

Warren Giles, president of the Cincinnati Reds, declared he didn't recall such action and added; "I don't recall a meeting I missed."

Other denials were voiced by Roy Mack, vice president of the Philadelphia Athletics; John Quinn, general manager of the Boston Braves, and Joe Cronin, general manager of the Boston Red Sox.

They said they couldn't remember such an incident as Rickey described.

Back home, the Dodger chieftain declined to enlarge on his statements until he could "read all that's been said."

"If it becomes necessary to discuss it later," he declared, "I will."

BILL VEECK TO SPEAK

BUCYRUS, Feb. 18—Bill Veeck, boss of the Cleveland Indians baseball club, will be the speaker when the basketball team of Sulphur Springs is feted at the annual athletic banquet at the school April 28. School officials and parents of players will be guests, and arrangements are being made for others interested in hearing Veeck to be present for the program.

Y.M.C.A. TO SPONSOR CAGE TOURNAMENT

The Y. M. C. A. will sponsor an invitational Gold Medal basketball tournament starting March 5, Bob Minard, Y. M. C. A. athletic director, said today.

The tournament will be open to any team that wishes to enter and will be run on Friday and Saturday nights from March 5 through March 20.

Minard expects about 25 independent teams to enter.

Two trophies will be presented to the two winning teams, and 75 medals will be presented to individual players. The medals range from gold charms for players on the winning team through medals of merit for outstanding players and charms for the player making the highest number of points. The medals are provided by the Central States Basketball headquarters in Indianapolis, which sponsors similar cage tourneys all over the country, Minard said.

The tournament's Gold Medal will be awarded the player selected by the referees and four judges as the outstanding player of the tournament, and that player will be this area's candidate for the Gold Medal All-America selection.

The 13 teams now participating in the two Y. M. C. A. leagues will be given first performance for entry, Minard said. Entry fee is $5 per team, and blanks may be secured from Bob Minard at the Y. M. C. A.

Carey in Tourney Win Over St. Wendelin, 52-30

Special to The Star

CAREY, Feb. 18 — Carey playing in the exempted team double elimination tourney at Fremont last night, ran rampant against St. Wendelin as they won their first game, 52-30. Leading in every quarter the Blue Devils were never in trouble. Berardinelli and Dennison paced the winners with 18 and 15 points each, while Ritzler racked 17 for the losers.

Fremont St. Joseph defeated Clyde, 44 to 40, in an overtime period in the other game in the tourney last night. Carey will engage St. Joe Thursday.

High School Cagers on Road To Ohio State Championship

By The Associated Press

COLUMBUS, O., Feb. 18—Ohio high schools have started down that long basketball boulevard which ends in a state championship.

Some 950 class B teams are contending in county tournaments but the larger schools, about 250 class A outfits, are shunning county competition for post-tourney skirmishing.

Casualties of the cage campaign appeared in both A and B lines, however. Mansfield Madison, barely large enough for class A, dropped a 39-37 verdict to Bucyrus. That ended a 15-game splurge.

This upset didn't quite rank with Junction City's 46-42 victory over Glenford, Perry county league champion. Glenford had toted away 28 triumphs in a long row before the roof fell in.

Roance slapped down Warsaw, winner of 19 straight, 39-28, for a third surprise.

Only 3 Unbeaten

Only three class A clubs polished their nails over unbeaten records as annual tourney time nearer.

The defending state champs, Middletown's marauding Middies, have taken 16 straight through today. Findlay swamped Bowling Green, 30-29, for its 17th and Akron Garfield made it 13 consecutive last night with a 59-42 verdict over Akron Central.

The 1945 class B state titlist, Farmer, dropped a 32-30 overtime decision to Ayesville in the Defiance county tournament but still could move into regional play by bagging the consolation champion later on.

With the Glenford tumble, Ridgeville Corners in Henry county moved into the class B driver's seat, boasting 22 straight wins. Ridgeville Corners has counted 1,299 points to the opposition's 701.

Other unbeaten class B squads: Bremen 21, Carbon Hill and Enon, 18, Middlepoint 17, and Summerfield 16.

Aren't Always Champs

The state high school basketball championship isn't always to the unbeaten, however, and tagging on the heels of the trio of unbeaten class A outfits are Chillicothe Central 19-1, Hamilton Catholic 18-1, Ashland and Mansfield Madison with 15-1.

East Liverpool's eight game win streak was snapped 49-47 last night by Toronto. East Liverpool, runner-up to Middletown last year, now has a 13-7 season mark.

Many league champions already are named. They include Newark, Central Ohio; Cuyahoga Falls, Western Reserve; Findlay, Buckeye; New Concord, Muskingum Valley; Youngstown South City; Bellevue, Northern Ohio; Louisville, Tricounty; St. Marys, Western Buckeye and Columbus Central City.

Paul Orth Wrestles Lyons Thursday

Marion wrestling fans will have the kind of wrestling show Thursday that they like — two rough men matched against each other and two clean men matched against each other. Both matches will be over the ninety minute route with the best two out of three falls. In the one main event Paul Orth will tangle with Red Lyons, who last Thursday was too rough and got disqualified. The winner of this match is promised a chance to meet Farmer Jones at a later date. This takes care of the rough match and it should be one of the roughest seen here. Now for the fast and clever match. Billy Rayburn has signed to meet Bill Murray in this main event and two faster and cleverer men would be hard to find. Don Wilson and Jack Wilson, two local brothers will be the ten minute prelim at 8:30. This program looks like the best seen here in a long time so call Markert & Lewis Cigar Store early for your best ringside seats. Prices—50c-75c and $1.00.—Adv.

SPORTS ROUNDUP

by Hugh S Fullerton, Jr.

NEW YORK, Feb. 18 — When Humberto Sierra fights Willie Pep for the featherweight championship at Miami next week, it will be (as far as the records show clearly) the first time a Cuban boxer has had a title shot since the day of Kid Chocolate and Black Bill. . . There are a couple of pretty good names to start on, though there's nothing in the records to show that Sierra belongs in the same class. His best win is a somewhat uncertain triumph over Sandy Saddler last summer . . . Kid Chocolate, you remember, earned New York recognition as featherweight champion back in 1933, when dual championships were common. But he couldn't stand prosperity and faded out while Freddie Miller went on to clear up the situation. Black Bill, another great little fellow, progressed as far as the final of a New York tourney to settle the flyweight championship, losing to Midget Wolgast in 1930 . . . If Sierra, known as a defensive fighter, fails to make the grade, Cuba still stands another chance. Kid Gavilan, hailed as the best fighter to emerge from Cuba since Chocolate, has a non-title date with lightweight champ Ike Williams. If he makes a good showing, Gavilan likely will earn a title match.

BOISTEROUS BEN CHAPMAN, the Phillies manager who has something of a reputation as being a tough guy, spends some of his spare time in the off season officiating basketball games. . . . This week's Sporting News relays the story of Ben's working a somewhat rugged game between Alabama and Louisiana State. . . . After some strenuous action under the basket, a couple of players started to rough it up a bit. . . . Ben stepped between them, grabbed the ball, and said: "I'll hold the ball if you fellows want to step down to the foul line and fight it out." . . . The collegians sheepishly admitted they'd rather play basketball and Chapman had no further trouble.

OHIO U. TURNS ON CINCY'S 'UPSET KIDS'

By The Associated Press

COLUMBUS, O., Feb. 18—Cincinnati's "Upset Kids" had the tables turned on them last night at Athens, O., as Ohio university grabbed a 64-62 overtime decision. Cincinnati held its Mid-American conference lead, however.

The contest—a wild one that found the officials calling five technical fouls—featured an 11-game card involving Ohio college basketball fives.

Cincy was fresh from impressive triumphs over Duquesne and Butler, and for a time appeared to have the Ohio U. situation well in hand. The Bearcats led at intermission, 28-21.

Ohio U., now boasting eight wins in 16 tries, moved ahead 43-41 midway in the second half. The teams traded leads until—with 12 seconds left in the regulation game—the Athens Bobcats went ahead 56-55. Cincy's Bill Westerfeld sent it into overtime with a free throw.

The score was knotted three times in the overtime period before Ohio guard Mark Wylie was fouled with 90 second left. He'd already made 10 out of 10 free throws. He added two more, and the home club successfully "froze" the ball.

Westerfeld was game scorer with 21 points. Wylie hit for 18.

DOUBLE MAIN EVENT SET ON THURSDAY'S MAT CARD

Paul Orth will wrestle Red Lyons tomorrow night at the Armory in the first of two 90-minute matches. Billy Rayburn of Atlanta, Ga. and Bill Murray of North Bay, Ontario will tangle in the second. Two brothers, Don and Jack Wilson, of Marion will open the program with a 10-minute preliminary go.

The first match will pit two rough, tough, slam-bang manglemen, while the second will be in direct contrast, pitting two clean, fair, wrestlers, Les Fishbaugh, wrestling promoter, stated.

22 Dogs Impounded By Warden in Week

Twenty-two dogs were impounded by County Dog Warden W. M. Warner in the week ending Feb. 14. In his weekly report to the county commissioners Warner reported 11 dogs disposed of and 11 dogs sold.

The dog warden also reported that because of the inclement weather of the past few weeks he has been authorized to defer the arrest of persons harboring unlicensed dogs until March first, after which date the arrest of these persons becomes mandatory under state law. Any person now harboring an unlicensed dog who secures the proper license for the animal before March first will not be assessed a penalty, and the dog owners name will be stricken from the dog warden's list of violators who face prosecution after the March first deadline.

Crawford Co. Highway Bid Taken by State

Paving of approximately two and a half miles on state route 298 in Auburn township, Crawford county was one of 22 road projects on which bids were received by the state highway department in its first contract letting program of the year.

The Associated Press reported from Columbus that 61 firms submitted bids on the projects. Low bidder on the Crawford county project was the Red Eagle Corp. of Columbus with $91,220. The highway departments estimate was $76,500.

Stassen Sees Prices Seeking True Level

By The Associated Press

LEWISTON, Idaho, Feb. 18 — Harold E. Stassen says the downward spiral of commodity markets is a sign the markets are seeking "their true levels."

The Republican presidential aspirant in an interview last night recommended the government resort to a balanced buying program rather than one of heavy purchasing followed by an absence from the market.

The latter course, he said, resulted in price fluctuations.

Stassen also claimed speculators could not make heavy profits on the market without "inside information."

Methodists To Improve Hospitals and Homes

By The Associated Press

CINCINNATI, Feb. 18—Methodists plan a $53,000,000 improvement program for their hospitals and institutions.

Dr. Karl P. Meister, executive secretary of the National Association of Methodist Hospitals and Homes, made the announcement here last night at a board meeting.

Last year, Meister estimated, Methodist hospitals ministered to nearly 1,000,000 patients. Some 5,300 boys and girls and 3,752 elderly persons also were cared for, he said.

GALION ACTS ON LIGHT PROBLEM

Council Appropriates $33,750 for Power Plant Boiler Repairs.

Special to The Star

GALION, Feb. 18—In a whirlwind session of city council, Tuesday night, the city passed legislation to repair on the boilers at the Municipal Light and Power plant, authorized purchase of parking meters, voted to employ a city engineer and received a request for a pay hike from city police and firemen.

An emergency ordinance passed directed Service Director John F. Porter to advertise for bids for repairs for the number one boiler at the electric light plant. Appropriation of $33,750 for this purpose was approved. Present capacity of the plant will be increased to bring it up to its designed capacity, Porter, explained. He stated that when all three boilers are put in first class operating condition, any two will be of sufficient capacity to carry the entire load of the plant.

Rules were suspended to pass an ordinance authorizing advertisement for bids for the purchase of parking meters.

An emergency ordinance to employ a city engineer at $3,600 per year, payable semi-monthly, was passed. The legislation provides that $300 be appropriated with passage of the ordinance to pay the engineer until the yearly appropriation ordinance is passed March 1.

A petition from nine city policemen and eight city firemen asking for an increase in pay due to high cost of living, was referred to the finance committee of council.

A request from Searbrough post, American Legion, for permission to build a shelter house, estimated to cost between ten and twelve thousand dollars, was placed on file. A resolution was passed authorizing the Legion post to erect the shelter house on city property at Heise park as a memorial to veterans of all wars, without cost to the city.

The city's debt report presented by City Auditor Gloyd Frye showed $509,610 as the total outstanding debt of the city, as of Dec. 31, 1947. The utility debt alone, included in the above $509,610, is $311,000.

Councilman Ralph W. Graham requested that the city solicitor be instructed to draw up necessary legislation to regulate operation of juke boxes and pin-ball machines in the city under a yearly tax of $25. Councilman O. E. Neal asked the city solicitor to check on the legality of punch boards in the city. He said that he received many criticisms that young boys were playing slot machines.

Upon inquiry Service Director John F. Porter said that some fire hydrants are out of service, and a complete survey of all hydrants had not been made. The service director also was given the request of Earl Thoman, water works foreman, for a raise in pay or additional help.

A request was made by Carl Westburg, representative of the Cities Service Oil company, asking that legislation be passed in order that his company can erect a bulk station at Walnut and Riblet streets. This was referred to the rules and ordinances committee and the service director.

NO GRASS OR TREES ON MARS SURFACE

McDONALD OBSERVATORY, FORT DAVIS, TEX., Feb. 18—The green spots on Mars may be some lower form of plant life.

But they are not plants like the earth's trees and grass.

Astronomers at McDonald observatory last night failed to give a flat answer to the question of whether there is life on Mars but Dr. Gerard P. Kuiper, director, listed several known factors for and against the possibility.

For:

1. There is some water.
2. The temperatures are not too cold.

Against:

So far, it appears the deadly ultra violet rays of the sun would kill any form of plant growth.

He said he hoped by March 1 he could be more definite.

The observations have been aided by use of a new infra-red spectrometer not available until the end of the war.

The conclusion that the green spots are neither seed plants nor ferns—the two highest forms of plant life—was reached by comparing infra-red photographs of such earth plants with those of the verdant areas of Mars, Dr. Kuiper explained.

The Mars studies will continue for the next two weeks. Mars came within 63,000,000 miles of the earth last night. That was the closest it will be for another two years. In 1956 it will swing within 30,000,000 miles.

Four Men Killed, Two Hurt as Roof Collapses

By The Associated Press

KINGSPORT, Tenn., Feb. 18—The concrete and steel roof of a building under construction here collapsed late yesterday, killing four men and injuring 10 others.

About 35 workmen were on the roof of the one-story structure when the accident occurred.

Police said workmen began pouring concrete for the roof yesterday. They had filled in about one-fourth of the roof when it collapsed.

It is estimated that the American Legion controls physical assets totaling $200 million.

Cleveland Police To Hold Lottery Raid Equipment

By The Associated Press

CLEVELAND, Feb. 18—Lottery printing equipment seized in a Feb. 3 raid in Alliance, O., may remain in the hands of the Cleveland police department.

Cleveland detectives took part in the raid, and among the equipment they seized were several intricate numbering devices.

Counsel for the towners asked return of the materials, and Judge Harry Wyckoff ruled in their favor.

Robert L. Seltzer, assistant law director for Cleveland, advised the police department to ignore the ruling. He said a municipal judge has authority only to order return of articles presented as evidence in his court.

It's a Big Temptation BUT...

SOMETIMES, when a farmer comes in waving his check book and pleads, almost with tears in his eyes, for a Massey-Harris Tractor, Combine, or other machine—it's an awful temptation not to take all that the law allows.

But our policy has been . . . is . . . and will be to sell only at the established price, plus, of course, reasonable service and handling charges.

Nor will we ask or have we asked any prospect to make a deposit on a machine unless there is a fair chance of making delivery within a reasonable time. And remember, for your protection, new Massey-Harris products are sold only through authorized Massey-Harris service dealers.

We believe that these policies are sound. Only by being fair with our customers can we hope to establish, build, and maintain a permanent business and merit the confidence and respect of the farmers of this community whom we want as friends as well as customers.

Yours for more of those good Massey-Harris products at a fair price.

New York Stock Quotations

By The Associated Press

NEW YORK, Feb. 18 — The stock market found its narrow and uneven course today. Some rails and utils retarded.

Leading issues in all sections of the list held close to their previous levels in quiet trading. Near money fractional gains and losses were widely distributed.

Commission houses reported most customers still preferred to await more definite indication of the effect of commodity price adjustments on business.

Declines at times were Union Pacific, Santa Fe, Pennsylvania, Kaiser, Standard Oil (NJ), Gulf Oil, American Tobacco "B", Owens Illinois, Lockheed, International Harvester, Bethlehem, Chesapeake & Ohio, Montgomery Ward and Commonwealth Edison. Resistant were American Can, Westinghouse Electric, Union Carbide, Sears Roebuck and U. S. Steel.

Grains and Bonds were narrow. Grains and cotton resumed their decline.

LEGAL NOTICE

Florence Hughes Butler, Roland Hughes, a minor, and Kenneth Hughes, a minor, whose place of residence is unknown and cannot be ascertained will take notice that on the 22nd day of October, 1947, the Plaintiff, William C. Hughes, filed his petition against them in the Court of Common Pleas of Marion County, Ohio. The same being cause number 29545 in said Court, for the declaration of a trust of the following described real estate, to wit:

Situated in the County of Marion, State of Ohio, and in the City of Marion and bounded and described as follows:

Being the north one-third (1/3) of the following described real estate.

Being a part of the south part of the west half of the northeast quarter of Section 28, Township 5 South Range 15 East and being part of a certain one acre tract conveyed by William B. Everett to John H. Dwyer by deed dated May 31, 1904, recorded in volume 183 at page 261 of the Deed Records of Marion County, Ohio.

The prayer of said petition is for the declaration of a trust on said real estate and for other equitable relief. Said Defendants will be required to answer said petition on 3rd day of April, 1948, or judgment will be taken against them.

WILLIAM C. HUGHES, Plaintiff.
Hugh E. Kirkwood Jr. His Attorney.

TODAY'S BIRTHDAY

By AP Newsfeatures

ADOLPHE MENJOU, born Feb. 18, 1890, the movie sophisticate, maintained his wardrobe even in early-career lean times. Born in Pittsburgh, he was schooled by Culver Military Academy in military appearance. World War I ambulance driving in France interrupted his Broadway work. But in 1923 he turned to the screen.
